GRAND ADVENTURE BALLOON TOURS

Come Fly with us!! We invite you to "Get Carried Away" as you dance with the wind in a colorful hot air balloon.

The lift-off is so gentle that many people do not realize they have left "Mother Earth". As you become one with the wind, you lose the sensation of movement and perception of heights. You begin to feel the peacefulness and tranquility of ballooning. Low level contour flying allows spotting wildlife and picking pine cones from treetops.

*Our balloon fleet comfortably carries up to 10 passengers per balloon. We cater to individuals, couples, families and large groups, and we offer family and group discounts. Whatever size party you may have, our **mountain flying experts** will provide to you a safe, quality flight and will make every flight a special unique occasion. All flights are celebrated with a traditional champagne toast.*

*A balloon flight is a great way to celebrate a special occasion or make any occasion special. We hope to have the opportunity to share our **personal world-class adventure** with you. We are confident that your beautiful memories will last a lifetime.*
