WINTER PARK RESORT
AUTHENTIC ADVENTURE

Getting used to the altitude in Winter Park involves much more than our celebrated hospitality, lodging and snow. It also means getting used to lifts that take you to more parts of our ever expanding terrain. North America's highest six passenger chairlift, The Panoramic Express, gives you instant access to Parsenn Bowl with open intermediate terrain and enhanced tree skiing. And with easy access to our brand new slopeside village via the Village Cabriolet - you're never far from the action. These are just the latest additions to a legend that refuses to stand still.
